

Bulgaria Industrial Park New Energy Storage

Overview

IPS has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria - a site recognized by the European Commission as a Strategic Project under the Net-Zero Industry Act. The BG EXERON X-BESS project in the field of batteries and energy storage technologies is one of six projects selected from across Europe. A Bulgarian project for manufacturing batteries for energy storage has been granted strategic status under the European Clean Technology Initiative, the Ministry. Bulgaria-based International Power Supply (IPS) is opening a factory for battery energy storage systems, using proprietary technology. 1 MW in operating power was inaugurated in Lovech in Bulgaria. Located next to a photovoltaic park within Balkan Industrial Park, it is part of the country's first closed licensed power distribution system.

Bulgarian battery factory Exeron X-BESS gets EU

Bulgaria-based International Power Supply (IPS) is opening a factory for battery energy storage systems, using proprietary technology. The Exeron X

Bulgaria launches EU's largest battery storage system

Bulgaria inaugurated a 124 MW/496.2 MWh battery energy storage system (BESS), the EU's largest, in the north-central city of Lovech, the municipal government said.

The new balancer in the Bulgarian system: What the largest battery in ...

The storage system is part of the largest hybrid park in the EU, which also has a 106 MW photovoltaic power plant. It is connected to the first and currently only licensed closed distribution

Bulgarian Battery Production for Energy Storage for

The production of battery energy storage technologies is outlined in the national roadmap for sustainable energy production in Bulgaria, with a full

Innovative Battery Storage Manufacturing Project of the Bulgarian ...

BG EXERON X-BESS is an electric energy storage system in batteries, fully developed on the patented technology of International Power Supply (IPS). Production will take place in the Hemus high-tech

Bulgarian BESS market matures further with Enefy's 600-MWh Nova

Enefy's BESS park in Nova Zagora, Bulgaria. Image source: Enefy. The 150-MW/601.8-MWh facility in the town of Nova Zagora is touted as the largest operational battery project in Central

INDUSTRIAL PARK PLEVEN FORTON BULGARIA

FAQs about Bulgaria plans new energy storage industrial park Why does Bulgaria plan electricity storage projects? Bulgaria plans electricity storage projects to enhance system balance, strengthen

Sigenergy debuts large-scale Bulgarian energy storage project

From pv magazine Deutschland. Energy storage case study: Bulgarian commercial and industrial project sets new deployment benchmark On June 26, pv magazine will be offering a

Largest battery storage system in Balkans commissioned in Bulgaria

The Bulgarian city of Lovech, northeast of Sofia, hosts the strongest battery energy storage system (BESS) in the Balkans. The Ministry of Energy even said the new facility, with a

IPS to build second BESS production facility in Bulgaria

The Bulgaria-based energy technology International Power Supply (IPS) has started construction of its second battery energy storage system

Bulgarian Battery Production for Energy Storage for

BG EXERON X-BESS is a system for electric energy storage in batteries, developed based on patented technology by International Power

BESS factory of 1.5 GWh per year opening near Sofia in Bulgaria

IPS, a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia.

Bulgarian BESS market matures further with Enefy's 600-MWh Nova

Bulgaria's fast-growing battery storage market is entering a more mature phase as lenders, traders, insurers and technology providers adapt to the realities of large-scale standalone

Bulgaria's IPS breaks ground on second BESS factory

June 9 (SeeNews) - Bulgarian power systems manufacturer International Power Supply (IPS) said it broke ground on its second Battery Energy Storage System

Bulgaria launches EU's largest battery storage system

The new system also signals the beginning of Bulgaria's national plan to reach 10 GWh of battery storage capacity within the next year. A recent

Bulgaria inaugurates the largest local energy storage facility in the EU

The energy storage system, situated within the Balkan Industrial Park in Lovech, was built from 111 battery containers. This technological core of the modern storage system aims to

A New High-Tech Factory for the Production of Energy Storage

The Bulgarian solar power market has been experiencing significant growth since 2021. As a result of the high economic growth in the last 3 years, industrialisation and urbanisation, the

BTA :: Bulgarian Energy Storage Battery Project Granted Strategic ...

A Bulgarian project for the production of energy storage batteries, BG EXERON X-BESS, has been granted strategic status under the European Commission's (EC) Net-Zero Industry Act

Sungrow and Sunotec commission Enefy's 150 MW / 600 MWh

MUNICH and SOFIA, Bulgaria, June 12, 2026 /PRNewswire/ -- Sungrow, a globally leading provider of PV inverters and energy storage systems (ESS), together with its partner Sunotec, an

IPS breaks ground on BESS factory in Bulgaria | Energy

Bulgarian company International Power Supply (IPS) has launched construction of its second battery energy storage system (BESS) production

IPS inaugurates Bulgaria's first battery storage gigafactory
