

Electric vehicle incentives london

Overview

This guide brings together the latest information on the UK electric vehicle grants available in 2025/26, including plug-in car grants, EV charger grants, tax incentives for company cars, and local council perks. Helping you make the most of available EV savings. Car manufacturers can apply for the Electric Car Grant from 16 July 2025. Drivers across the UK will soon enjoy discounts on dozens of new electric car models after the Transport Secretary today (15 July 2025) announced a £650 million grant scheme worth up to £3,750 per car, putting more money back. Electric London is a coalition of businesses and organisations from across the electric vehicle (EV) value chain. We are made up of EV manufacturers, charge point operators, logistics and freight companies, private hire vehicle companies, vehicle rental organisations, campaign groups and business. By switching to an electric vehicle you can reduce harmful vehicle emissions and help clean up London's air. There are also financial benefits: The Government offers grants for some new zero emission vehicles. Request a callback from an advisor to learn about incentives.
