

# Solar panel component prices

## Overview

InfoLink Consulting provides weekly updates on PV spot prices, covering module price, cell price, wafer price, and polysilicon price. Every month we publish a current price index on the development of wholesale prices of solar modules. Prices for TOPCon cells will be based on an efficiency of 24. 28/W, ending years of dramatic fluctuations as supply-demand dynamics rebalance and weak suppliers exit the market. It is the first solar materials price report. A close look at solar panel costs comes from Germany's pvXchange Trading through its monthly Price Index and ongoing trend analysis. After a 2025 that marked an all-time low for solar module prices, the new year has opened with a series of. Through detailed survey cross-survey of data from major suppliers and procurement parties, Green Energy Research is able to provide an accurate weekly report on spot prices of key PV components.
